EDUCATION

Full Stack Web Development Program
Helsinki Business College

01/2025 - Present   *Helsinki*

Master's Degree
University of the Arts Helsinki

08/2022 - 01/2025   *Helsinki*

WORK EXPERIENCE

Full Stack Developer
Freelance

08/2025 - Present   *Helsinki*
Achievements/Tasks

- Built a multilingual (7 languages) full-stack web application with admin panel, authentication (NextAuth), and email integration.
- Delivered production-ready SEO optimization, responsive UI, and localization (next-intl).
- Designed the entire application from scratch (UI/UX, branding, layouts) and implemented both frontend and backend features.
- Communicated directly with a non-technical client, translating business needs into technical solutions and guiding them through the process.

SKILLS

Jest/Vitest   TypeScript   React.js   Node.js

REST APIs   Databases   Docker   Git   Next.js

Agile   CI/CD   SEO   PHP   Java

PERSONAL PROJECTS

School Booking Platform (09/2024 - 04/2025)
- Developed a cross-platform booking system for musicians (iOS, Android, Web) with custom-built calendar and filtering features.
- Implemented backend with Node.js + GraphQL, fully tested, and containerized with Docker.
- Configured CI/CD pipelines using GitHub Actions for deployment and testing.

Mindfulness App (06/2025 - 07/2025)
- Designed a full-stack mindfulness app with rich text editor, offline-first syncing (Dexie), and secure auth (Spring Security + JWT + Google OAuth).
- Implemented data persistence with PostgreSQL and smooth synchronization between client and backend.

Event Planner App (06/2025 - 07/2025)
- Collaborated in an agile team to implement a full-stack event planner system.
- Focused on frontend development and integration with Laravel backend APIs.

CERTIFICATES

Full Stack Open (University of Helsinki)
 (06/2024 - 05/2025)
Covered modern JavaScript-based web development including React, Redux, Node.js, MongoDB, GraphQL, and TypeScript.
